SURVEY TO WORKPLACES ON COOPERATION WITH EDUCATIONAL INSTITUTIONS 1.7.-31.8.2024

The target of this response is the educational institution (**the name of the educational institution**)

Students with a training agreement and/or apprenticeship contract have been instructed at your workplace between xx.xx.20xx and xx.xx.20xx. They have completed a total of x workplace learning periods.

Degree

Qualification unit

This feedback survey deals with your workplace's experiences of cooperation with the educational institution when providing apprenticeship training and/or training based on a training agreement at the workplace. **The survey assesses the activities of the educational institution, not the students.**

The answers will be used to further improve the activities and to fund the institution. The name of the person giving feedback will not be asked, but the workplace will be identified from the answers. Workplace-specific answers will be reported only to the educational institution. At the national level, the results will be reported as anonymous statistical information to the education administration in central government, among others.
