

## INVITATION

OPEN SCIENCE DAY, October 20, 2014  
Biomedicum Helsinki (Haartmaninkatu 8)

Dear Doctoral School and Programme representatives and administrators,

We are happy to invite you to join the Open Science Day on October 20, 2014 in Biomedicum Helsinki (Haartmaninkatu 8)! Please register for the Day at <http://www.csc.fi/csc/kurssit/arkisto/doctoralschools> by October 9, 2014.

Open science is here to stay. Among other things it improves transparency, reproducibility and speed of making science. Early adopters often reap the highest benefits, for example there is evidence that Open Access publishing gets more citations (Kullman 2014, <http://docs.lib.purdue.edu/iatul/2014/bibliometrics/2>). A crucial action for the spread of open science is to make it part of curricula of the next generation of scientists.

PROGRAMME OF THE OPEN SCIENCE DAY, OCTOBER 20, 2014:

1) OPEN SCIENCE: ENGAGING FINLAND'S DOCTORAL SCHOOLS

TIME: October 20, 2014 at 10.00-12.00

PLACE: Lecture Hall 3, Biomedicum Helsinki

TARGET GROUP: doctoral school and programme directors and coordinators, and other administrative staff dealing with doctoral training

ORGANIZERS: MoEC, CSC, DSHealth

*NB! THIS SESSION IS BY INVITATION ONLY FOR THE TARGET GROUP*

PROGRAMME:

10.00 Welcoming words (Keijo Hämäläinen, Vice-Rector, UH)

10.10 Case example, open science in Environmental Physics (Ari Asmi, Researcher, UH)

10.30 Case example, Why Should EU Graduate Schools teach Open Science alongside research excellence (Ivo Grigorov, Project Coordinator, DTU)

10.50 Discussion

11.00 Open science and research initiative (Anita Lehtikainen, Permanent Secretary, MoEC)

11.10 Open science tools available for Finnish higher education (CSC - IT Center for Science Ltd.)

- Handbook

- IDA

- KATA

- AVAA

11.50 Discussion

12.00 Closing

During this morning session we would like to engage dialogue with high level administration in charge of doctoral schools and programmes. This is an opportunity to learn more about open science, to hear case examples from Finnish environmental physics and Danish technical sciences, and to present comments to the Ministry on the existing open science services.

2) OPEN SCIENCE – IMPACT AND RESEARCH FUNDING

TIME: October 20, 2014 at 13.00-16.00

PLACE: Lecture Hall 2, Biomedicum Helsinki (Haartmaninkatu 8)

TARGET GROUP: researchers, doctoral candidates, others interested in the topic

ORGANIZER: Helsinki University Library

PROGRAMME: <https://wiki.helsinki.fi/display/OAviikko/Open+Access%21+20.10.2014>

3) OPEN BAR PANEL - PANELISTS ANSWERING TO ANY OPEN SCIENCE-RELATED QUESTIONS

TIME: October 20, 2014 at 16.00-17.00

PLACE: Atrium C2, Biomedicum Helsinki (Haartmaninkatu 8)

TARGET GROUP: doctoral candidates, researchers, others interested in the topic

ORGANIZERS: MoEC, CSC, DSHealth

You are most welcome to participate all 3 sessions of the Open Science Day!

Hope to meet you in Biomedicum in October! On behalf of the organizers,

Eeva Sievi
