Application's status and icons in PSP

Statuses of the applications

You can follow the state of your applications on the *Applications* -tab.

The statuses of the applications are **(picture 1)**:

- **Draft** = the state of the application before you send it to the handler. You can still edit or cancel the application.
- **Sent** = you have sent the application to the handler. You can cancel the application but you can not edit it.
- **In process** = the handler is processing your application. You can cancel the application but you can not edit it.
- **Processed** = the handler has processed your application.
- **Returned** = the handler has sent the application back to you for completing the application. You can edit the application and send it again to the handler for processing.
- **Cancelled** = you can cancel a sent application to edit it as a draft.
- **Tentatively approved** = pre-application has been accepted tentatively.
- **Approved** = your application has been approved partly or completely.
- **Declined** = your application has been declined partly or completely.

Icons in PSP

The status of the application and registered credit transfer are shown as icons in you PSP **(picture 2)**.

The description of the icon opens by moving the pointer over the icon.

Note! Icons which show the status of the application are used only with replacement application.
