# Login, sign out, account and password

- [Account and password](#)
- [Login](#)
  - [In problem situations](#)
- [Sign out](#)

## Account and password

In Peppi logging in happens by University's student account. You can log in Peppi after your study right is activated. [Read more about student account here.](#)

Change the password which was given to you by the University. [Read instructions about changing the password here.](#)

## Login

Login to Peppi via [Peppi front page](#).

- Use the long version of your account: [account@student.oulu.fi](#).
- Fill in password.
- Use the MFA account key.

The logging in process is the same as logging in University's O365 services. [Read news about the new login method here.](#)

### In problem situations

- If you can't log in, empty the web browser memory and try again.
- If you can't log in even though you have done all the things instructed above, please contact [peppi@oulu.fi](#).

## Sign out

- On the right corner of student's desktop there is a profile picture icon. It has your name on it.
- Move your mouse pointer on you name. A window including your study right numbers appears.
- There is a **Sign out** -button on the window. Click it.
- Close your web browser to complete signing out.
