Agenda & Notes

1. Opening
 - Welcome by Tor Fridell (at 13:10)
 - Small introduction of all participants
2. Presentation work done in Github by Mirko Stanic
3. Proposal for ELMO 1.8 and 2.0

 - Apologies: current version in PRD is 1.6. New version is 1.7, not 1.8
4. Presentation DUO on three issues
 - <https://github.com/emrex-eu/elmo-schemas/issues/44>
 - Too many issues in one item, need to be separated [Guido Bacharach](#)
 - Unclear why items need to be added. Extra meeting is needed with SfH [Guido Bacharach](#)
 - <https://github.com/emrex-eu/elmo-schemas/issues/29>
 - Yes, but needs extra work. Not clear enough to be added to 1.7 [Guido Bacharach](#)
 - <https://github.com/emrex-eu/elmo-schemas/issues/54>
 - Item can be added to 1.7 as an optional field. Needs phrase that describes that field is going to be mandatory in 2.0.
5. Follow-up on security items (issued by prof. Dr. Hermann Strack)
 - <https://github.com/emrex-eu/elmo-schemas/issues/62>
 - Items will be addressed in a separate security workshop. [Guido Bacharach](#)
6. Issues for ELMO 2.0
 - Presentation Sikt on recognition
 - <https://github.com/emrex-eu/elmo-schemas/issues/55>
 - Also add issue 53 to this change request
