

EXAM Creating and editing questions

There are four question-options:

- [Fill-in exercise: creating and evaluating](#)
- [Essay questions: creating and evaluating](#)
- [Multiple Choice Questions \(several correct answers\): creating and evaluating](#)
- [Multiple Choice Questions \(one correct answer\): creating and evaluating](#)
- [Statement question \(can be edited\)](#)

You can create questions from scratch for a specific exam (**Dashboard > Create new exam**) or to the **Question library**. **Question library** is a pool of questions created earlier. Click **Create new question**. When you choose **type of question**, more alternatives open.
