

Kooste Jira-projektista sähköpostiin

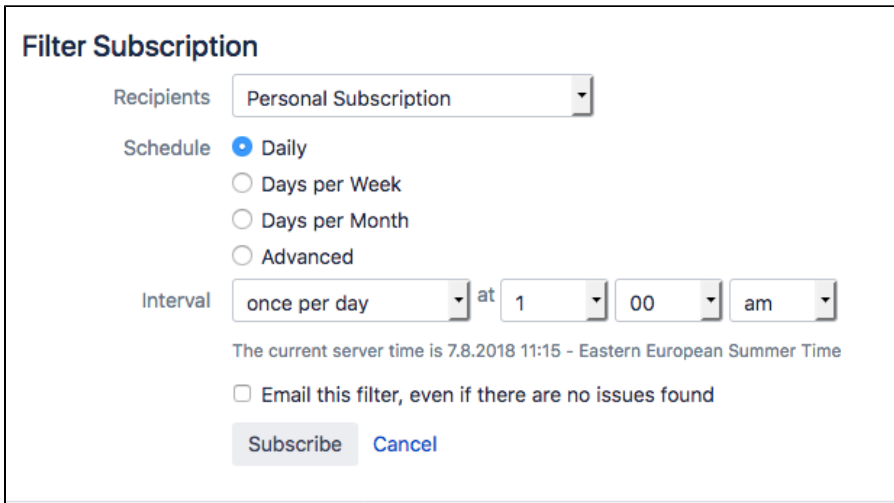

Voit tilata koosteen sähköpostiisi Jira-projektista esim. viikoittain.

1. Määrittele ja tallenna haluamasi haku-tulos (filter)
 - a. Issues Search for Issues
 - b. Project: projekti tai projektit, joista haluat tilauksen jne.

The screenshot shows the Jira Search interface. At the top left is the word 'Search' in bold. To its right is a button labeled 'Save as'. Below these are several dropdown menus: 'Project: All', 'Type: All', 'Status: All', and 'Assignee: All'. To the right of these is a text input field containing 'Contains text'. Further right is a 'More' dropdown menu, followed by a blue 'Search' button and a link labeled 'Advanced'.

- c. Tallenna ja nimeä "Save as"
2. Valitse äsken luotu filter
 - a. Details New subscription
 - b. Personal Subscription kun tilaat ilmoituksen itsellesi
 - c. Määrittele tilaukselle aika
 - d. Subscribe

The screenshot shows the 'Filter Subscription' dialog box. At the top is the title 'Filter Subscription'. Below it is a 'Recipients' section with a dropdown menu set to 'Personal Subscription'. Underneath is a 'Schedule' section with four radio button options: 'Daily' (which is selected), 'Days per Week', 'Days per Month', and 'Advanced'. Below the schedule options is an 'Interval' section with a dropdown menu set to 'once per day', followed by 'at', a dropdown set to '1', another dropdown set to '00', and a dropdown set to 'am'. Below the interval settings, there is a line of text: 'The current server time is 7.8.2018 11:15 - Eastern European Summer Time'. Below this is a checkbox labeled 'Email this filter, even if there are no issues found'. At the bottom are two buttons: 'Subscribe' and 'Cancel'.
